New Loan Modification Code Added to MILAR Templates May 2018

Dear Servicing Partner:

To comply with industry changes, we have added a new Loan Modification Code to our [MILAR templates](#):

- **Program Code 42** – Fannie Mae Capitalization and Extension Modification for Disaster Relief

Please incorporate this code into your MILAR reporting when applicable. To see the full list of program codes, visit the *Forms* section of our [Servicing website](#).

Please distribute this information to all those within your organization that may be involved with MILAR.

If you need more information or have any MILAR questions, please contact our team at GNW.MORTServicingReport@genworth.com or 919 846.4133.

Thank you, as always, for your partnership with Genworth.

Let's help someone buy a house today.
